Professional Summary

BCA graduate with expertise in MERN (MongoDB, Express.js, React, Node.js) stack development, seeking a Full-Stack Developer role. Skilled in building scalable, dynamic, and responsive web applications with modern JavaScript frameworks. Strong problem-solver with experience in both front-end and back-end development, API integration, and database optimization. A quick learner and team player, eager to contribute to innovative projects and enhance web functionality.

Skills & Expertise

- MERN Stack (MongoDB, Express.js, React, Node.js)
- RESTful API and GraphQL development
- Front-end development with React.js
- Back-end development with Node.js and Express.js
- Database design and management (MongoDB, MySQL)
- Authentication and security (JWT, OAuth)
- State management with Redux
- Version control with Git and GitHub
- Debugging and performance optimization
- Deployment on cloud platforms (AWS, Vercel, Heroku)

Academic Qualification

SN	Education level	Pass year	University/Campus
1	Bachelor of Computer Application (BCA)	2023 A.D.	Glocal University, India
2	10+2 in science	2019 A.D.	V.S. Niketan College, New Baneshwor, Kathmandu
3	SLC	2016 A.D.	V.S. Niketan School, New Baneshwor, Kathmandu

Certifications & Training

- **MERN Stack Development** – [CODEIT Institute], [Jan/2025]
  Hands-on training in full-stack development with MongoDB, Express.js, React, and Node.js.
- **JavaScript and React.js Workshop** – [CODEIT Institute]
  In-depth knowledge of JavaScript ES6+, React.js components, and state management.
- **Node.js and API Development** – [CODEIT Institute]
  Backend development with Node.js, Express.js, and MongoDB.
- **Git & Version Control for Developers** – [CODEIT Institute]
  Hands-on experience with Git, GitHub, and collaboration workflows.

Work Experience:

MERN Stack Developer Intern
Code IT, Kathmandu | November 2024 – February 2025

- Developed and maintained full-stack applications using the MERN stack.
- Designed and implemented RESTful APIs and integrated third-party services.
- Built dynamic and responsive user interfaces using React.js.
- Optimized back-end performance and database queries.
- Implemented authentication and security best practices.
- Collaborated with the team to enhance user experience and website functionality.

Technical Tools & Technologies Used

- JavaScript, ES6+, TypeScript
- MERN Stack (MongoDB, Express.js, React.js, Node.js)
- Redux, Context API
- RESTful APIs, GraphQL
- Firebase, JWT Authentication
- Git, GitHub, CI/CD
- Docker, AWS, Vercel, Heroku
- Postman (API Testing)
- WebSockets, Socket.io

Language Skills:

Language	Reading	Speaking	Writing
English	Excellent	Excellent	Excellent
Nepali	Excellent	Excellent	Excellent
Hindi	Good	Good	Good
